

# THE EVERYDAY *FLEET WORKHORSE*

RELIABLE, ACCREDITED, PROVEN

*Digit* **FMS**

**DIGIT D-LITE 4S**

**CORE FLEET INTELLIGENCE**

# **BUILT FOR FLEETS THAT WORK EVERY DAY**

**IN FLEET OPERATIONS, RELIABILITY IS NOT OPTIONAL.  
IT IS OPERATIONAL INFRASTRUCTURE.**

**Digit D-Lite 4S is the backbone of practical fleet visibility across South Africa.**  
VSS-accredited. Insurance-approved. Field-proven.

- Passenger vehicles
- Bakkies
- Delivery vans
- Sales fleets
- Forklifts
- Light yellow plant
- Mixed 12V / 24V fleets

**WHERE SIMPLICITY MEETS DISCIPLINED EXECUTION - D-LITE 4S DELIVERS**

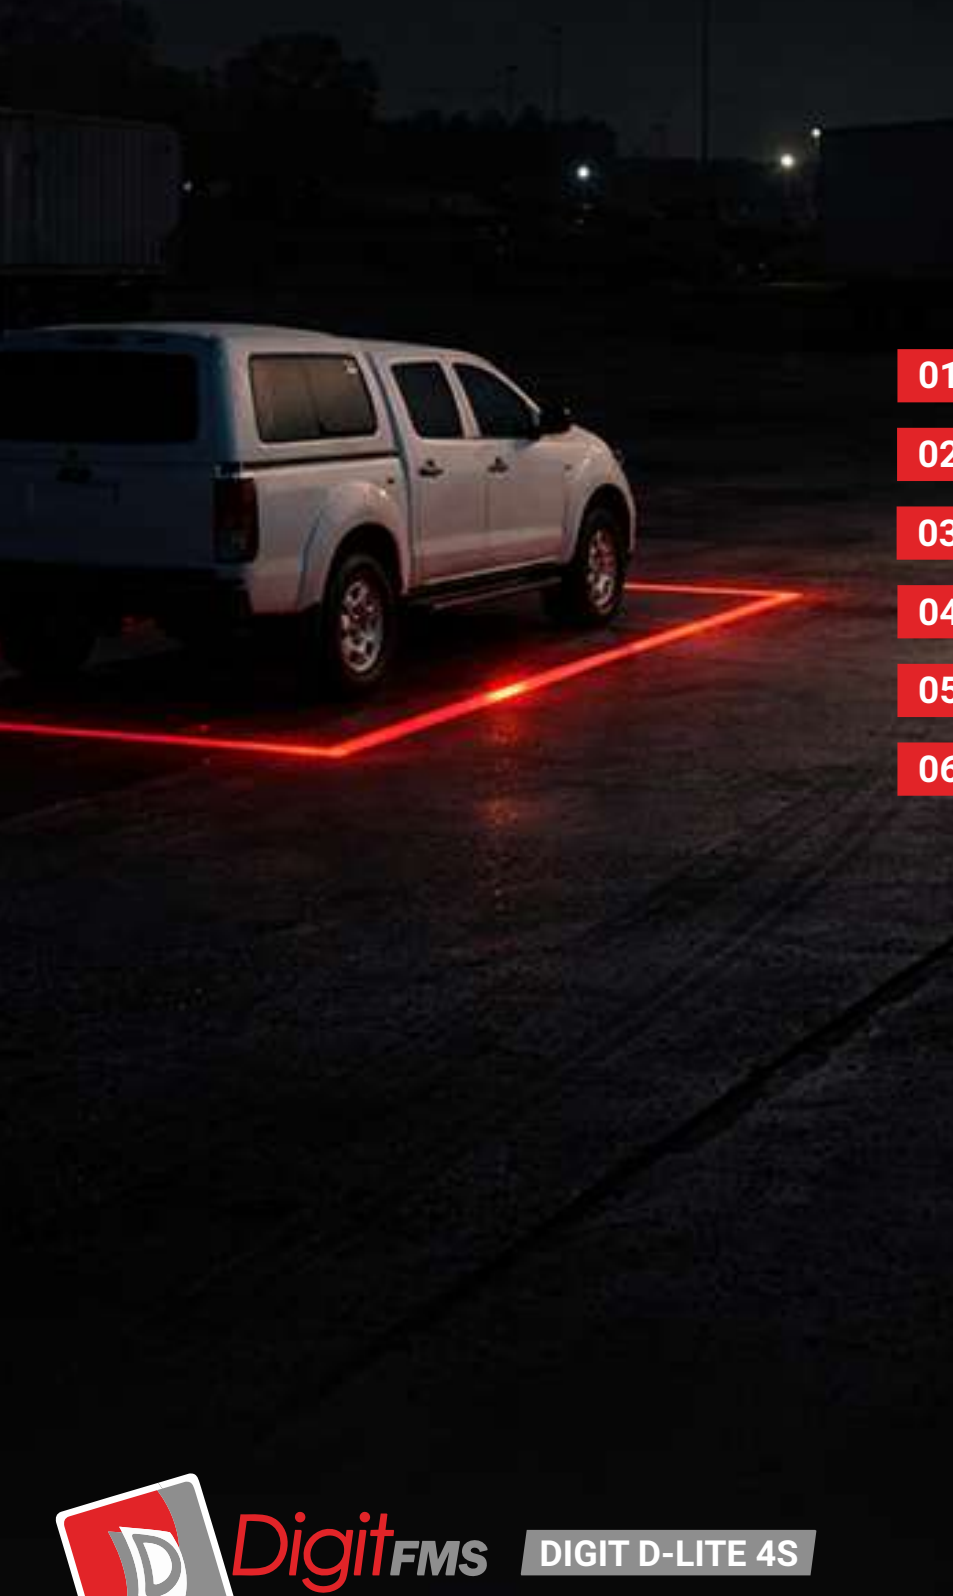

**Digit**FMS

**DIGIT D-LITE 4S**

**CONTROL. ACCOUNTABILITY. MEASURABLE CERTAINTY.**

# OPERATIONAL BLIND SPOTS ARE EXPENSIVE WHEN VISIBILITY WEAKENS, ACCOUNTABILITY FADES

Loss doesn't always look dramatic.

It looks like:

- 01 UNVERIFIED TRIPS
- 02 DISPUTED MILEAGE
- 03 IDLE FUEL BURN
- 04 AFTER-HOURS MOVEMENT
- 05 POWER DISCONNECTIONS
- 06 DELAYED REPORTING

South African fleets operate across mixed vehicle voltages, rural coverage zones and insurance compliance requirements.

You don't need complexity.

**YOU NEED DEPENDABLE,  
DISCIPLINED TRACKING  
THAT WORKS - EVERY DAY**

**Digit**FMS

DIGIT D-LITE 4S

CONTROL SHOULD BE STANDARD. NOT OPTIONAL.

# **THE DEPENDABLE FLEET STANDARD**

**DISCIPLINED VISIBILITY  
WITHOUT OVERENGINEERING**

Digit D-Lite 4S delivers core fleet intelligence:

- ✓ **LIVE TRACKING (STANDARD 30-SECOND UPDATES, CONFIGURABLE 10-60 SEC)**
- ✓ **FULL TURN-BY-TURN TRIP HISTORY**
- ✓ **ELECTRONIC LOGBOOK CLASSIFICATION**
- ✓ **OVERSPEED MONITORING**
- ✓ **IDLE TIME REPORTING**
- ✓ **GEO-FENCE VALIDATION**
- ✓ **BATTERY DISCONNECT ALERTS**
- ✓ **OFFLINE NOTIFICATIONS**
- ✓ **BACKUP BATTERY CONTINUITY**
- ✓ **OPTIONAL DIGIT D-CUT IMMOBILIZATION**

It integrates fully into Digit Web and the Digit Mobile App - giving fleet managers structured oversight and report-driven accountability.

**IT IS NOT SPECIALIST TELEMATICS,  
IT IS THE OPERATIONAL BACKBONE**

**Digit**FMS

**DIGIT D-LITE 4S**

**SIMPLICITY ENGINEERED FOR PERFORMANCE.**

# HARDWARE CAPABILITIES

## ENGINEERED FOR MIXED FLEET REALITY

### WIDE VOLTAGE COMPATIBILITY

- Input range: 9V - 100V DC
- Supports 12V & 24V systems
- Ideal for mixed commercial fleets and equipment

### LTE 4G CONNECTIVITY

- 3G / 2G fallback
- Multi-network resilience for urban & rural coverage

### POWER EFFICIENCY

- Working current:  $\pm 50$  mA
- Quiescent draw:  $< 5$  mA

### INTERNAL BACKUP BATTERY

- 55 mAh internal battery
- Continues reporting during power loss (~3–4 hours typical)

### BLIND SPOT STORAGE

- Stores up to 400 points when out of coverage

**COMPACT. DURABLE. PROTECTED INSTALLATION.  
(IP65 RATED IN SEALED COMPARTMENTS)**

**DigitFMS**

**DIGIT D-LITE 4S**

**BUILT TO WITHSTAND OPERATIONAL DEMANDS.**

# SECURITY & TAMPER INTELLIGENCE

**EARLY DETECTION. FASTER RESPONSE.  
TAMPER AWARENESS IMPROVES RECOVERY OUTCOMES.**

## **DIGIT D-LITE 4S PROVIDES**

- Battery disconnect alerts
- Power-loss notifications
- Offline detection
- Vibration alerts
- Movement during restricted hours

These are not luxury features.  
They are early-warning signals that reduce response time and increase recovery probability.

## **OPTIONAL: DIGIT D-CUT CAPABILITY**

- Controlled immobilisation via external relay
- Will not cut above  $\pm 20$  km/h (safety safeguard)
- Authorised centre control
- Command confirmation

## **ASSET PROTECTION - RESPONSIBLY ENGINEERED**

**Digit**FMS

**DIGIT D-LITE 4S**

**CONTROL AT THE SOURCE.**

# DESIGNED FOR EVERYDAY *FLEET OPERATORS*

PRACTICAL, ACCREDITED, COST-EFFICIENT

*Digit* FMS

**DIGIT D-LITE 4S**

**CORE FLEET INTELLIGENCE**

# MOBILE/WEB REPORTING

TRANSFORMS  
TRACKING INTO  
ACCOUNTABILITY

## CORE REPORTS

- Trip report (turn-by-turn history)
- Start / stop times
- Distance travelled
- Route replay
- Electronic logbook classification
- Idle time report
- Overspeed report
- Geo-fence entry / exit
- Battery disconnect log
- Offline tracking report

## DRIVER BEHAVIOUR INSIGHTS

- Driving event logs
- Restricted hours movement

Digit Web converts movement into measurable accountability.

**FLEET MANAGEMENT BECOMES  
STRUCTURED, REPORT-DRIVEN  
AND DEFENSIBLE**

**Digit**FMS

DIGIT D-LITE 4S

VISIBILITY WITHOUT GUESSWORK.

# MARKET POSITIONING

## DESIGNED FOR EVERYDAY FLEET OPERATORS

### DIGIT D-LITE 4S IS BUILT FOR

- SME fleet operators
- Corporate sales fleets
- Courier & delivery companies
- Field service technicians
- Insurance-compliant installations
- Mixed 12V / 24V operations

### IT IS NOT

- Heavy-duty fuel analytics
- Specialist CANbus telematics
- Covert recovery-only tracking

### IT IS THE DEPENDABLE FLEET STANDARD

PRACTICAL INTELLIGENCE, DELIVERED.

#### **WHAT VOLTAGE SYSTEMS DOES THE UNIT SUPPORT?**

The device operates across a wide 9V–100V DC input range. It is fully compatible with both 12V and 24V systems, making it ideal for mixed commercial fleets, heavy-duty trucks, and plant equipment.

#### **WHAT HAPPENS IF VEHICLE POWER IS DISCONNECTED?**

The internal 55 mAh backup battery automatically activates. The unit continues reporting for approximately 3–4 hours during power loss, ensuring operational continuity and tamper visibility.

#### **WILL THE DEVICE DRAIN MY VEHICLE BATTERY?**

No. With a working current of  $\pm 50$  mA and a quiescent draw of less than 5 mA, the unit is engineered for minimal power consumption and long-term stability.

#### **WHAT HAPPENS IN AREAS WITH POOR NETWORK COVERAGE?**

The device features LTE 4G connectivity with 3G/2G fallback and multi-network resilience. If signal is temporarily lost, blind spot storage captures up to 400 location points and automatically uploads once coverage is restored.

#### **CAN THE UNIT BE EASILY TAMPERED WITH?**

The compact design allows discreet installation inside protected compartments such as fuse panels or behind dashboards. Combined with backup power and continuous reporting, any power interference is immediately visible.

**Digit**FMS

**DIGIT D-LITE 4S**

**STRUCTURED FOR OPERATIONAL AFFORDABILITY.**

# COVERT BY DESIGN, RESILIENT BY ENGINEERING

WHEN RECOVERY MATTERS, VISIBILITY MUST SURVIVE

D-LITE 4S is:

DISCREET

RESILIENT

RECOVERY-FOCUSED

VOLTAGE-FLEXIBLE
