

PRECISION CONTROL *WITHOUT COMPLEXITY*

DigitFMS

DIGIT D-LITE G4

LIGHT-DUTY FLEET SPECIALIST

THE LIGHT-DUTY FLEET SPECIALIST

INTELLIGENT EXPANDABLE INSURANCE-READY

Digit G4 is not entry-level tracking

It is controlled visibility

- engineered for fleets that demand accountability without operational burden.

DIGIT G4 IS THE EVOLUTION OF EVERYDAY FLEET TRACKING.

Compact, LTE-enabled, VSS-accredited, and Bluetooth-expandable, the G4 is engineered for light-to-medium fleet operators who require granular trip data, driver behaviour insights, peripheral integration, and controlled immobilisation - delivering measurable oversight, behavioural intelligence, and scalable control for everything from courier vehicles to commercial bakkies, all within a compact, covert-ready device.

THIS IS WHERE EVERYDAY FLEET TRACKING BECOMES OPERATIONAL INTELLIGENCE.

DigitFMS

DIGIT D-LITE G4

THE INTELLIGENT FLEET STANDARD.

NOT BASIC TRACKING CONTROLLED VISIBILITY

BUILT FOR FLEETS THAT
NEED MORE THAN LOCATION

01

**LIGHT COMMERCIAL
FLEETS**

02

**COURIER & LAST-MILE
DELIVERY**

03

SALES & FIELD TEAMS

04

**WAREHOUSE AND LIGHT
PLANT EQUIPMENT**

G4 bridges the gap between
entry-level tracking and full
enterprise telematics

**DELIVERING INTELLIGENCE
WITHOUT COMPLEXITY**

DigitFMS

DIGIT D-LITE G4

SEE MORE. KNOW MORE. CONTROL MORE.

DIGIT G4 OPERATES WHERE OTHERS DON'T

THE SILENT INSURANCE POLICY

Smart Geofence

Towing Alert

Excessive Idling
00:51/H

Trip Logic

Overspeed
112 KM/H

Crash Detected

Digit FMS

DIGIT D-LITE G4

LIGHT-DUTY FLEET SPECIALIST

HARDWARE CAPABILITIES

BUILT TO SCALE, DESIGNED TO PERFORM

NETWORK & CONNECTIVITY

- 4G LTE Cat-1 connectivity
- 2G fallback support
- Designed for resilient multi-network operation

Ensures stable data transmission across South Africa's coverage landscape.

GNSS PERFORMANCE

- Multi-GNSS support: GPS, GLONASS, Galileo, BeiDou, SBAS, QZSS
- Accuracy: < 3 meters typical
- Hot start: ~1 second

This delivers higher positioning precision than entry-level fleet devices. South Africa's coverage landscape.

INTERNAL ANTENNA ARCHITECTURE

- Internal high-gain GNSS antenna
- Internal GSM antenna

Enables:

- Clean covert installations
- Reduced external wiring
- Professional OEM-standard fitment

DigitFMS

DIGIT D-LITE G4

RELIABLE HARDWARE. MEASURABLE RESULTS.

HARDWARE CAPABILITIES

BUILT TO SCALE, DESIGNED TO PERFORM

POWER & ELECTRICAL SPECIFICATION

- Supply range: 10V–30V DC
- Suitable for 12V and 24V systems
- Over-voltage protection built-in
- Integrated 170 mAh backup battery

Backup battery enables:

- Power supply loss reporting
- Graceful shutdown
- Theft tamper visibility

LOW POWER CONSUMPTION & SLEEP PROFILES

Supports multiple sleep modes:

- Online mode
- GNSS sleep
- Deep sleep
- Ultra-deep sleep

Ultra-deep sleep current draw:
<math>< 2 \text{ mA}</math> at 12V

This is critical for:

- Vehicles parked long-term
- Seasonal fleet vehicles
- Low-battery environments

DigitFMS

DIGIT D-LITE G4

RELIABLE HARDWARE. MEASURABLE RESULTS.

HARDWARE CAPABILITIES

BUILT TO SCALE, DESIGNED TO PERFORM

SMART SCENARIO EVENT ENGINE

Digit G4 supports intelligent scenario-based event monitoring, including:

- Overspeed detection
- Excessive idling
- Towing detection
- Unplug detection
- Crash detection
- Automatic and manual geofencing
- Trip logic control

This provides behavioural insight and operational control beyond simple tracking.

BLUETOOTH 4.0 + BLE EXPANSION

Digit G4 supports Bluetooth Low Energy peripherals, including:

- Driver ID beacons (automatic driver-vehicle association)
- Temperature & humidity sensors (cold-chain)
- Universal BLE sensors

This enables contactless driver authentication and operational telemetry add-ons without additional wiring complexity.

Digit FMS

DIGIT D-LITE G4

RELIABLE HARDWARE. MEASURABLE RESULTS.

INTELLIGENCE BUILT INTO EVERY MOVEMENT

FROM TRIP LOGIC TO BEHAVIOURAL INSIGHT

Digit G4 transforms vehicle movement into operational intelligence.

**EVERY TRIP
EVERY STOP
EVERY ACTION - MEASURED**

With a powerful scenario-based event engine, G4 delivers:

- Overspeed detection
- Excessive idling visibility
- Towing alerts
- Crash detection
- Unplug/tamper alerts
- Smart geofencing
- Trip logic control

**THIS IS NOT PASSIVE
TRACKING
THIS IS ACTIVE
OPERATIONAL OVERSIGHT**

DigitFMS

DIGIT D-LITE G4

FROM MOVEMENT TO MEASURABLE BEHAVIOUR.

ENGINEERED FOR ACCURACY BUILT FOR REALITY

MULTI-NETWORK RESILIENCE. MULTI-GNSS PRECISION

Digit G4 is built for South African operating conditions - not ideal scenarios.

- 4G LTE with 2G fallback
- Multi-network resilience
- Multi-GNSS positioning (GPS, GLONASS, Galileo, BeiDou)
- <3m accuracy

Even in challenging environments - urban density, remote routes, or cross-region travel - G4 maintains consistent, reliable data transmission.

**PRECISION IS NOT A FEATURE
IT IS A REQUIREMENT**

DigitFMS

DIGIT D-LITE G4

ACCURACY YOU CAN OPERATE ON.

EXPAND WITHOUT COMPLEXITY

WIRELESS INTELLIGENCE. SCALABLE CONTROL.

Digit G4 extends beyond tracking through Bluetooth Low Energy integration. Add intelligence - without adding complexity.

- Driver ID beacons (automatic driver pairing)
- Temperature & humidity sensors (cold chain)
- BLE-based asset monitoring

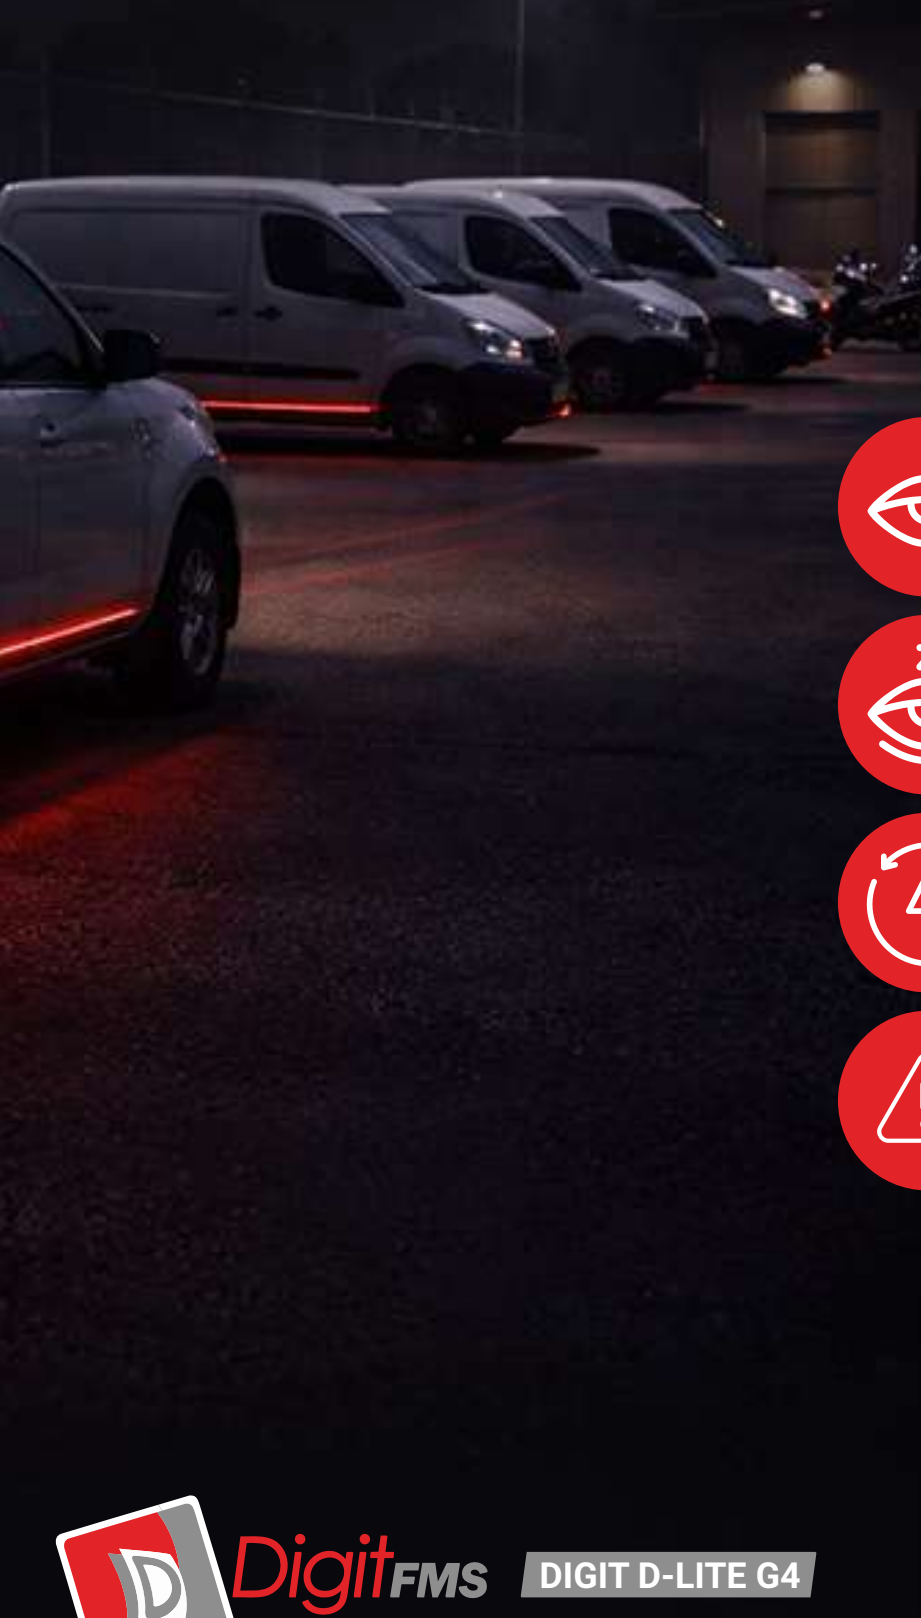

NO INVASIVE WIRING
NO OPERATIONAL DISRUPTION

JUST SCALABLE, MODULAR INTELLIGENCE - BUILT INTO YOUR FLEET

SMART FLEETS EVOLVE. G4 ADAPTS.

BUILT TO OPERATE EVEN WHEN STATIONARY

ULTRA-LOW POWER ALWAYS AWARE

Digit G4 is engineered for long-term operational stability.

MULTIPLE SLEEP MODES

ULTRA-DEEP SLEEP <2MA

BACKUP BATTERY SUPPORT

POWER-LOSS ALERTS

Whether active, parked, or seasonal - your fleet remains visible.

NO BLIND SPOTS NO SILENT FAILURES

DigitFMS

DIGIT D-LITE G4

FROM MOVEMENT TO MEASURABLE BEHAVIOUR.

CONTROL WHEN IT MATTERS MOST

ENFORCEMENT CAPABILITY. RESPONSIBLY DEPLOYED.

Digit G4 enables controlled immobilisation through Digit D-CUT integration.

- Remote vehicle immobilisation
- Fuel/starter circuit interruption
- SMS or platform-triggered control
- Permission-based execution

**THIS IS NOT ABOUT RESTRICTION
IT IS ABOUT CONTROLLED INTERVENTION - WHEN REQUIRED**

DigitFMS

DIGIT D-LITE G4

CONTROL IS NOT OPTIONAL. IT'S OPERATIONAL.

ONE PLATFORM TOTAL VISIBILITY

FROM MOBILE OVERSIGHT TO FULL OPERATIONAL REPORTING

Digit G4 integrates seamlessly into
Digit Web and Mobile.

Real-time tracking

Trip playback & route history

Event notifications

Driver identification

Remote control (D-CUT)

BACKED BY POWERFUL REPORTING:

Trip & logbook reports

Idle & fuel analysis

Overspeed tracking

Geofence reporting

Driver behaviour analytics

**THIS IS WHERE DATA BECOMES
DECISION-MAKING**

DigitFMS

DIGIT D-LITE G4

FROM INSIGHT TO ACTION - INSTANTLY.

THE SMART STEP FORWARD

MORE INTELLIGENCE. WITHOUT ENTERPRISE COMPLEXITY

Digit G4 is positioned above basic tracking - and below heavy enterprise systems.

IT IS IDEAL FOR FLEETS THAT ARE:

- Scaling operations
- Demanding accountability
- Requiring driver identification
- Expanding into sensor-based monitoring

THIS IS THE UPGRADE PATH
WITHOUT THE OPERATIONAL BURDEN

DigitFMS

DIGIT D-LITE G4

LIGHT-DUTY FLEET SPECIALIST

WHAT IS DIGIT G4 AND HOW IS IT DIFFERENT FROM BASIC VEHICLE TRACKING?

Digit G4 is not just a tracking device - **it is an intelligent fleet control solution**. While basic tracking shows you where a vehicle is, Digit G4 gives you **full operational visibility**, including driver behaviour, fuel usage insights, and real-time control of your fleet. It's the difference between **seeing movement and managing performance**.

HOW DOES DIGIT G4 IMPROVE FUEL CONTROL?

Digit G4 helps you take control of fuel by providing **accurate usage visibility and behaviour insights**. It identifies: **Excessive idling, Harsh driving patterns, Unauthorised trips, Inefficient routes**. Fuel cost is fixed. Fuel control is where savings happen.

CAN DIGIT G4 HELP IMPROVE DRIVER BEHAVIOUR AND SAFETY?

Yes - Digit G4 actively monitors and reports on **driver behaviour in real time**. This includes: Harsh braking, Rapid acceleration, Speeding, Unsafe driving patterns. This allows you to **correct behaviour early**, reduce risk, and improve overall fleet safety.

IS DIGIT G4 SUITABLE FOR SMALL FLEETS OR ONLY LARGE OPERATIONS?

Digit G4 is designed to scale with your business. Ideal for single vehicles or small fleets starting out, Powerful enough for **large, multi-vehicle operations**. You don't need to wait until you grow - Digit G4 helps you **grow with control from day one**.

HOW QUICKLY CAN DIGIT G4 BE INSTALLED AND OPERATIONAL?

Installation is quick and professionally handled. Fast fitment by certified technicians, Minimal downtime, System becomes operational almost immediately. You can move from **no control to full visibility in a very short time**.

DigitFMS

DIGIT D-LITE G4

THE INTELLIGENT FLEET STANDARD.

CONTROL, BUILT INTO EVERY JOURNEY

MORE THAN TRACKING, THIS IS FLEET INTELLIGENCE

DIGIT G4 delivers:

HIGHER GNSS ACCURACY

BLUETOOTH EXPANDABILITY

RICH SCENARIO EVENTING

LOW POWER DRAW

DRIVER AUTHENTICATION

IMMOBILISATION SUPPORT

INSURANCE ACCREDITATION

SCALABLE FLEET INTELLIGENCE

It is built for fleets that want more insight - without moving into heavy enterprise systems.
